Since Yellowstone contains many hot springs and the world's largest area of active geysers, Lisa and her friends visited many different geyser sites. They even spent an afternoon swimming in Yellowstone's Boiling River. Of all of the sites, Lisa and her friends agreed that Old Faithful was the most impressive. Lisa and her friends waited patiently for the geyser to erupt. After about 40 minutes, a stream of boiling water over 100 feet tall sprayed from the ground and up into the air. Fortunately, no one got wet!

The Statue of Liberty, arguably one of New York City's most iconic symbols, is a popular tourist attraction for first-time visitors to the city. This 150-foot monument was gifted to the United States from France in order to celebrate 100 years of America's independence. The statue is located on Liberty Island, and it is accessible by taking a ferry from either Battery Park in New York City or Liberty State Park in Jersey City.

When Claire visited the Statue of Liberty for the first time, she instantly admired it as a symbol of freedom. Claire made sure to make reservations before her visit because only 240 people are permitted to climb the staircase to the top of the statue every day. After climbing almost 400 stairs, Claire received spectacular views of the city from the statue's crown.

**Inglese:**

During her visit, Claire learned that the Statue of Liberty was not always the color that it is now. She found out that because the statue's exterior is made of copper, the statue oxidized over time, giving it the greenish appearance it has in present day. When it was first constructed, the statue was the same color as a shiny penny!
