Dinner preparation

Montie's mother was coming to dinner, so he decided to get out the beautiful dishes she gave him. He looked forward to impressing his mother. He remembered how great he felt when she gave him the dishes. First, he got out his best silverware, cups and plates.

He carefully placed the plates on the table. Then, he laid a cloth napkin next to each plate. On the left side of the plate, he placed a knife making sure that its blade was facing toward the plate. On the right side, Montie placed the fork and spoon. After filling the glasses with ice, he put water in each glass. He placed white flowers in a vase in the middle of the table. They had a beautiful aroma.

As Montie stood back to admire his work, the doorbell rang. Montie had finished just in time because his mother had arrived.

A great summer vacation

I just returned from the greatest summer vacation! It was so fantastic, I never wanted it to end. I spent eight days in Paris, France. My best friends, Henry and Steve, went with me. We had a beautiful hotel room in the Latin Quarter, and it wasn't even expensive. We had a balcony with a wonderful view.

We visited many famous tourist places. My favorite was the Louvre, a well-known museum. I was always interested in art, so that was a special treat for me. The museum is so huge, you could spend weeks there. Henry got tired walking around the museum and said "Enough! I need to take a break and rest."

We took lots of breaks and sat in cafes along the river Seine. The French food we ate was delicious. The wines were tasty, too. Steve's favorite part of the vacation was the hotel breakfast. He said he would be happy if he could eat croissants like those forever. We had so much fun that we're already talking about our next vacation!

Days of the week

There are seven **days of the week**, or uniquely named 24-hour periods designed to provide scheduling context and make time more easily measureable. Each of these days is identifiable by specific plans, moods, and tones.

Monday is viewed by many to be the "worst" day of the week, as it marks the return to work following the weekend, when most full-time employees are given two days off. Most students attend school in the morning and return home in the afternoon (usually from about eight until three or seven until two), and most workers go to work in the morning and return home in the evening (usually from nine to five or eight to four).

Tuesday is the second day of the week, and is in many ways similar to Monday. Not a whole lot changes, schedule-wise, between Tuesday and Monday; most individuals go to school or work and return home to watch television, play video games, make plans with friends, spend time with family, read, or engage in a similar leisure-related activity.

refer to Wednesday as "hump day," as once its workday is complete, employees will have passed the work-week "hump," and will be on the downturn, as only two days on the job will remain in the week.

Thursday is the fourth day of the week, and is viewed favorably by many, as it's rather close to the end of the work week.
